

## Project Status report

Name:	Eventeer
Community (UN SD goal):	SDGs 4 & 10
MVP #	1, 2 & 3
Sprint cycle dates:	14 November 2023

Project Name	Eventeer
Blurb	<p>Eventeer is an innovative platform specifically designed for students to effortlessly discover and join a myriad of events within their schools. Aligned with the United Nations' SDGs of Quality Education and Reduced Inequalities, Eventeer focuses on enhancing school life by bridging the gap between students and school clubs. This intuitive platform not only lists all school events in one convenient place but also incentivizes participation with unique badges, making the process both fun and rewarding. With Eventeer, students are empowered to fully engage in their school community, creating a more vibrant, connected, and exciting educational experience.</p>
For Week Ending	30 November 2023
Project Status	Green
Status Description	<p>Since our last scrum, I am pleased to report significant progress in the development of my project. I have successfully completed the final phase, MVP 3, and revisited MVPs 1 and 2 for enhancements. My recent efforts have been primarily focused on refining the user interface in preparation for the final presentation. Additionally, I have curated a selection of events to showcase the capabilities and user experience of the Eventeer platform. I am delighted to confirm that all functionalities are operating as intended, and I have achieved the set goals for this phase of the project. This marks a pivotal moment in my journey, with the platform now ready to demonstrate its full potential in enhancing student engagement in school events.</p>

## Activities—During the past sprint cycle

During the past sprint cycle, as the sole member of the team, I accomplished the following activities:

- Events page.
- List of events.
- Profile page.
- Badge system.
- Badge page details.
- Creating events to showcase.

## Project Issues

I am pleased to note that as the project nears completion, there have been no significant issues encountered.

## Project Changes

No changes have been made. Creating badges and badges' page.

## Activities—Planned for Next Week

During the upcoming week, I will focus on finalizing and organizing all project documentation, ensuring it is comprehensive and well-structured. Additionally, I will be uploading all relevant materials to GitHub to complete the archiving process for this semester's project, having successfully achieved all set goals.

## Reflection

- Do you feel "on track"?
    - I feel confident that I am on track, having successfully completed all the MVPs for this project.
  - What progress do you particularly feel good (great) about?
    - I feel particularly good about, it's the creation of my badges' system and the development of the badges' page. These elements have been significant milestones in the project, and I'm quite satisfied with how they've turned out.
  - What barriers (if any) do you feel is/are a current impediment to success?
    - I currently do not perceive any barriers that could impede the success of my project. Everything has been progressing as planned, and there are no significant obstacles at this time.
  - What help (if any) do you require to move positively forward?
    - I do not require any additional help at the moment. I am confidently moving forward with the project
  - What questions or concerns do you have (if any)?
    - I currently do not have any questions or concerns. My project has progressed smoothly, and I am satisfied with its current state.
-
